	6 Tips For Making The Most Of Your E-mail Communications Everything Webs www.webs.com It is estimated that some 247 billion e-mails are sent every day, according to Radicati Group research. But out of that staggering number, how many are actually read and acted upon? Whatever that number is, it's a lot fewer than 247 billion. Why? For one thing, e-mail is not like regular mail. Most ...

Happy Monday! Quick Tip: A good website header can engage a visitor's interest, tell them what the site is about, and add a great design element all at once.

Example Site Wednesday: Dapperhouse
webs.com

The header is a crucial, yet is often neglected part of a website that can make or break the appeal of a site.
