Letter of Support for the .wien Initiative by punkt.wien GmbH

Ladies and Gentlemen,

This letter is to confirm that the Vienna Tourist Board supports the application for „wien“ submitted to ICANN by punkt.wien GmbH in the New gTLD Program.

The Vienna Tourist Board is the official destination marketing agency for the tourism sector of the city. It provides many service offers, tips and much information for Viennese tourist businesses. Founded in 1955 under Vienna's Promotion of Tourism Act, the board is the city's official PR and marketing agency for this sector of economy.

The Vienna Tourist Board's brief includes representing the interests of the city and province of Vienna in all matters relating to tourism, instituting measures to increase the volume of incoming tourist traffic, especially advertising, supporting any tourism measures instigated by the municipality, helping to create a modern infrastructure for the tourist industry, and promoting an understanding amongst members of the general public for the industry and its economic significance. The Vienna Tourist Board is a non-profit organisation, and not a travel agency.

The .wien TLD will be used to provide a namespace for all Viennese worldwide on the Internet. We understand that in the event that the application is successful, punkt.wien GmbH will enter into an agreement with ICANN. In doing so, the company will be
