Attention: New gTLD Evaluation Process
Letter of Support for the .wien Initiative by punkt.wien GmbH

Ladies and Gentlemen,

with over 18,000 members from the professional groups of management consultants, information technology providers, telecom service providers and self-employed accountants, the Professional Association of Management Consultancy and Information Technology Vienna (Fachgruppe Unternehmensberatung und Informationstechnologie, UBIT) is the second largest professional association of the Vienna and also Austrian Economic Chamber. It represents the majority of the knowledge-based service providers in Austria, a rapidly growing industry that is an essential link between research and economic innovation and thus of considerable economic importance.

Our organization is a supporter of the .wien initiative of punkt.wien GmbH.

This letter is to confirm that our organization continues to fully support the application for .wien by punkt.wien GmbH submitted to ICANN. The .wien TLD will be used to provide a namespace for all Viennese worldwide on the Internet. We have accompanied and supported punkt.wien GmbH and its executives closely in the development of this proposal. We understand that in the event that the application is successful, punkt.wien GmbH will enter into an agreement with ICANN. In doing so, the company will be required to comply with consensus policies developed through the ICANN multi-stakeholder policy processes.

As the representative of our organization I confirm that I have the authority to be writing to you on this matter. My contact data are:
