Dear Harry,

Re: dotScot.

I am pleased to offer Clan Donald Society of New South Wales Australia Inc. support for the proposed dotScot (gTLD) aimed at providing a clear identity for Scottish interests and culture on the web.

Clan Donald Society represent around 180 members within New South Wales, Australia and its primary objective is to create a focus for people who belong to Scotland's largest Clan, through fostering a sense of pride in their heritage; an enhanced sense of unity; connecting with their past; encourage genealogical research; regularly meet in kinship.

**We are particularly keen to see the dotScot Registry bid succeed and believe that not for profit model is appropriate for this type of community interest. Should you be successful in your application to ICANN we would be very interested in acquiring a dotScot domain ourselves, and promoting its availability to our members. Please keep us informed of developments in this regards.**

**Yours sincerely,**

**L N Macdonald**
