Dear Harry

dotScot

I am pleased to offer our support for the proposed dotScot (gTLD) aimed at providing a clear identity for Scottish interests and culture on the web.

As you know, we at Clì Gàidhlig provide support for Gaelic language learners worldwide and registry of this kind could only benefit those involved in obtaining a domain. It is important to voice Scottish interest through such a service.

We are particularly keen to see the dotScot Registry bid succeed and believe the not for profit model is appropriate for this type of community interest. Should you be successful in your application to ICANN we would be very interested in acquiring a dotScot domain ourselves, and promoting its availability to our members. Please do keep us informed of developments in this regard.

Yours sincerely,
DJ MacIntyre
