Dear Harry

I am pleased to offer our support for the proposed dotScot (gTLD) aimed at providing a clear identity for Scottish interests and culture on the web.

As you know, we do business with thousands of people worldwide. Our Dressed to Kilt event is seen by over 10 million people.

We are particularly keen to see the dotScot Registry bid succeed and believe the not for profit model is appropriate for this type of community interest. Should you be successful in your application to ICANN we would be very interested in acquiring a dotScot domain ourselves, and promoting its availability to our members. Please do keep us informed of developments in this regard

Yours for Scotland,

James Baron
CEO
