Dear Harry,

I am pleased to offer my support for the proposed dotScot (gTLD) aimed at providing a clear identity for Scottish interests and culture on the web.

I am particularly keen to see the dotScot Registry bid succeed and believe the not for profit model is appropriate for this type of community interest. Should you be successful in your application to ICANN I would be very interested in acquiring a dotScot domain, and promoting its availability. Please do keep me informed of developments in this regard.

Yours sincerely,

Humza Yousaf MSP
