Dear Harry,

dotScot

I am pleased to offer our support for the proposed dotScot (gTLD) aimed at providing a clear identity for Scottish interests and culture on the web.

As you know, we at the Scottish Football League promote and foster the 30 clubs which comprise the three divisions of the SFL. A good majority of these clubs are community based and involve local people in many activities at the clubs. A dotScot domain would enable users worldwide to access information on all of our clubs and give an insight into the world of "real" football in Scotland.

We are particularly keen to see the dotScot Registry bid success and believe the not for profit model is appropriate for this type of community interest. Should you be successful in your application to ICANN we would be very interested in acquiring a dotScot domain ourselves, and promoting its availability to our members. Please do keep us informed of developments in this regard.

Yours sincerely,

David Longmuir,
Chief Executive/Secretary
