RE: LETTER OF SUPPORT

Dear Sir/Madam:

Center for Development of Community Initiative and Environment (C&E) is a non-governmental organization located in Hanoi, Vietnam. C&E was founded in 2008 and work to promote participation and improve capacity of local community groups and organisations for better solutions to environmental issues that are related to their life, contributing to the development of civil society and sustainable environment in Vietnam.

C&E was founded by members of the Advisory Group of the Sida Environmental Fund (SEF). The Center inherited SEF experiences and lessons over 12 years promoting and supporting community initiatives in environmental protection and sustainable use of natural resources, and promoting NGOs and CBOs that worked at the grass roots level. SEF was established by the Swedish Embassy in Hanoi. The Fund supported about 300 small projects nationwide between 1997-2008 which raised capacity of local organizations, raised the public's environmental awareness and promoted networking of civil society in environmental protection and natural resource management.

C&E has implemented a range of projects that benefit local communities throughout the country such as "Capacity building workshops on Sustainable Lifestyle for Youth", "Community-based Forest Management Capacity Building in Thua Thien-Hue and Quang Nam provinces: The Right-Based Approach", "Community Action for Climate Change in Hanoi city, Thai Binh and Thua Thien Hue provinces", "Empowering San Diu ethnic women to improve their living conditions and reduce poverty in the buffer zone of Tam Dao National Park", and so on.

C&E fully supports Public Interest Registry's (PIR's) application to the Internet Corporation for Assigned Names and Numbers (ICANN) to operate the .NGO Top Level Domain (TLD). C&E recognizes PIR as a not-for-profit whose operation of the .NGO TLD will provide benefits to the NGO community.

C&E understands that PIR's proposed .NGO TLD will provide NGOs with a secure domain name and web-based services that will allow NGOs, wherever they are located, to be more intuitively accessible and to promote their respective missions online.

C&E encourages ICANN to grant PIR's .NGO application to bring these benefits to the global NGO community.

RE: LETTER OF SUPPORT

Dear Sir/Madam:

The Office of Genetic Counseling and Disabled Children (OGCDC), a non-profit organization whose goal is to improve the quality of life for disabled children and people in Central Viet Nam (<http://www.ogcdc.org>) has been in existence since 1999.

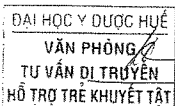

Hue city has a large number of people with disabilities. To improve the quality of life for people with disabilities is our main aims. OGCD has implemented a range of projects that benefit children with all kinds of disabilities: medical rehabilitation (surgery), funding rehabilitation in Peace Village Hue, providing adaptive equipment (i.e. wheelchairs), training courses for health workers about childhood disabilities, producing information material for parents and health professionals, vocational training for adolescents with disabilities, small loan program for families who have a disabled child, early intervention, special and inclusive education. OGCD is entirely funded by donations mainly from private sources from abroad.

OGCDC fully supports Public Interest Registry's (PIR's) application to the Internet Corporation for Assigned Names and Numbers (ICANN) to operate the .NGO Top Level Domain (TLD). OGCD recognizes PIR as a not-for-profit whose operation of the .NGO TLD will provide benefits to the NGO community.

OGCDC understands that PIR's proposed .NGO TLD will provide NGOs with a secure domain name and web-based services that will allow NGOs, wherever they are located, to be more intuitively accessible and to promote their respective missions online.

RE: LETTER OF SUPPORT FOR PUBLIC INTERST REGISTRY'S APPLICATION TO ICANN

To Whom It May Concern:

The LIN Center for Community Development (LIN) is a non- governmental organization located in Ho Chi Minh City, Vietnam. LIN was founded in 2009 and its mission is to foster a culture of individual philanthropy and corporate social responsibility while supporting local not-for-profit organizations by providing technical, management and financial support to help in their efforts to promote equal access to opportunities in Vietnam.

After just over two years in operation, LIN has established partnerships with 72 Vietnamese not-for-profit organizations. Partner organizations are eligible to apply for grants and skilled volunteers, they are given priority to attend regularly scheduled networking and capacity building events and they receive our monthly newsletter and other announcements related to their field of work.

After learning about Public Interest Registry's work and their direction, the LIN Center for Community Development supports PIR's application to the Internet Corporation for Assigned Names and Numbers (ICANN) to operate the ".NGO" Top Level Domain (TLD). LIN recognizes PIR as a not-for-profit whose operation of the .NGO TLD will provide benefits to the NGO community.

LIN understands that PIR's proposed .NGO TLD will provide NGOs with a secure domain name and web-based services that will allow NGOs, wherever they are located, to be more intuitively accessible and to promote their respective missions online.

The LIN Center for Community Development encourages ICANN to grant PIR's .NGO application to bring these benefits to the global NGO community.

Sincerely,

Dear Mr. Brian Cute:

NTEN: The Nonprofit Technology Network is a non- governmental organization (NGO) located in Portland, OR, serving individuals and organizations throughout North America, and around the world. We were founded in 2000 with the aspiration of a world where all nonprofit organizations use technology skillfully and confidently to meet community needs and fulfill their missions. We are the membership organization of nonprofit technology professionals, supporting individuals and organizations. We have over 10,000 members and over 30,000 participants in the community, covering 126 countries.

We are writing this letter in support of the application by Public Interest Registry (PIR) to operate the proposed .NGO Top Level Domain (TLD). We appreciate PIR's record of service and technical expertise, and believe that -- as an NGO themselves -- they can provide value to the NGO community by operating .NGO.

As a membership organization, we know that we speak for more than our staff when we endorse PIR's application. The .NGO Top Level Domain will ensure that all those working to improve our communities and our world can share a trusted, reliable, and recognizable TLD. In turn, this will help to support both local and global communications, fundraising, and collaboration.

NTEN strongly encourages ICANN, the Internet Corporation for Assigned Names and Numbers, to grant PIR's .NGO application to bring these benefits to the global NGO community.

Respectfully submitted,

Dear Mr. Brian Cute:

Philanthropist.org is the only free marketplace where any individual can become a philanthropist by directly investing in a micro-entrepreneur through a small loan or by donating to a social activist in small scale. We jump-start projects to make dreams come true and create leaders along the way through our in-country mission trips. We operate through an innovative peer to peer model (100% of funds go to the beneficiary), which promotes self-sustainability, generates returns and fosters the spirit of volunteerism.

philanthropist.org is a non- governmental organization (NGO) located in Cambridge, Mass. We were founded in the year 2006 and specialize in promoting entrepreneurship as a long-term solution to poverty. We believe in sustainable entrepreneurial projects that create social and economic returns. We have over 50 members and operate in several countries.

We are writing this letter in support of the application by Public Interest Registry (PIR) to operate the proposed .NGO Top Level Domain (TLD).

We appreciate PIR's record of service and technical expertise, and believe that – as an NGO themselves – they can provide value to the NGO community by operating .NGO.

Philanthropist.org encourages ICANN, the Internet Corporation for Assigned Names and Numbers, to grant PIR's .NGO application to bring these benefits to the global NGO community.

We thank you for considering this important request. As an NGO, Philanthropist.org is heavily reliant on internet technologies and relies on the branding of TLDs. We hope to secure philanthropist.ngo and philanthropist.org to operate upon and believe the PIR team would be the best stewards of these names to the non-profit community.

The impact of this not only bring many people out of poverty, but will spread the spirit of volunteerism and collaboration through the power of people and technology.

RE: LETTER OF SUPPORT

Dear Sir/Madam,

The Center for Social Work Skills and Knowledge Development (CSWD) is a non-governmental organization (NGO) located in Hanoi, Vietnam. CSWD was founded in 2008 to protect the rights and dignity of vulnerable groups by promoting their right to access information through capacity building and participation in decision-making process. Our mission is to make a contribution to build an equitable society, to ensure participation for disadvantaged groups, reduce poverty, and improve their life quality. CSWD has members (1) full-time and (2) part-time and operates in Vietnam. The Center has an institutional mandate to build a professional and leading research center that develops social work skills and knowledge as well as to deliver services to improve living quality of disadvantaged and vulnerable groups in Vietnam.

CSWD fully supports Public Interest Registry's (PIR's) application to the Internet Corporation for Assigned Names and Numbers (ICANN) to operate the .NGO Top Level Domain (TLD). CSWD encourages PIR as a not-for-profit whose operation of the .NGO TLD will provide benefits to the .NGO community.

CSWD understands that PIR's proposed .NGO TLD will provide NGOs with a secure domain name and web-based services that will allow NGOs, wherever they are located, to be more intuitively accessible and to promote their respective missions online.

CSWD encourages ICANN to grant PIR's .NGO application to bring these benefits to the global .NGO community.

Dear Mr Brian Cute,

DiploFoundation is a non-governmental organisation (NGO) located in Malta with offices in Geneva and Belgrade. In November 2002, Diplo was established as an independent non-profit foundation by the governments of Malta and Switzerland.

We work to address the gap between the limited capacities and the growing needs of small and developing states, as well as marginalised groups, for meaningful participation in global policy processes. Through online and *in situ* training, online policy research and policy immersion, Diplo has helped many developing countries, organisations, and individuals to participate meaningfully in the global governance of the Internet. Our 1000+ alumni are based in 136 countries worldwide.

We are writing this letter in support of the application by Public Interest Registry (PIR) to operate the proposed .NGO Top Level Domain (TLD). We appreciate PIR's record of service and technical expertise, and believe that – as an NGO itself – it can provide value to the NGO community by operating .NGO.

DiploFoundation encourages ICANN, the Internet Corporation for Assigned Names and Numbers, to grant PIR's .NGO application to bring these benefits to the global NGO community.

Respectfully submitted,

Dr Jovan Kurbalija
