Subject: Letter for support for .ISLAM, .SHIA and .HALAL

Dear Sir/ Madam

This letter is to confirm that, I, Majid Tafreshi, as a British-Iranian Historian and researcher and the manager of MTS production (Media, Thought, Studies), fully support the application for .ISLAM, .SHIA and .HALAL submitted to ICANN by Asia Green IT System Bilgisayar San. Ve Tic. Ltd. Sti in the New gTLD Program.

I am an active researcher and writer in this field for about 25 years and I am aware of the importance of the requested matter.

The gTLDs will be used to Principles of rounding i.e. the march of rapprochement between Islamic communities on the general principles. Therefore providing the opportunity to expand religious believes through a guided line could be a satisfactory achievements for both authorities and non-radical religion followers.

These applications are being submitted as community-based applications, and as such it is understood that the Registry Agreement will reflect the community restrictions proposed in the applications. In the event that we believe the registry is not complying with these restrictions, possible avenues of recourse include the Registry Restrictions Dispute Resolution Procedure.

I think it is very important for many members and believers of the Muslim communities around the world to have these names available for obtaining a domain name attached to them.

If you need further information about this letter, please do not hesitate to contact m via email and/ or phone:
