بسمه تعالی
انجمن علمی فرماندهی و کنترل ایران (C4I)
Iran's Scientific Society Of Command And Control

In the name of God

To:
ICANN
Suite 330, 4676 Admiralty Way
Marina del Rey, CA 90292

Attention: New gTLD Evaluation Process

Subject: Letter for support for .PARS

This letter is to confirm that the **Iranian Scientific Society of Command And Control** fully supports the application for **.PARS** submitted to ICANN by Asia Green IT System Bilgisayar San. Ve Tic. Ltd. Sti in the New gTLD Program.

As the **General Secretariat of the Society**, I confirm that I have the authority of the **Iranian Scientific Society of Command And Control** to be writing to you on this matter.

Iranian Scientific Society of Command And Control founded at the beginning of the 21st century (Autumn 2007), the Iranian Scientific Society of Command And Control (C4I) fulfills its mission as a nonprofit, nonpolitical and nongovernmental scientific organization operating for an unlimited period of time under current regulations of Islamic Republic of Iran, through programs and services that promote research and development, scientific and technological, in the fields of Command, Control, Communications, Computer and other major Components that maybe added to this field in future, and foster education in these fields at various levels as well as public awareness and appreciation of the subject and its connections to other disciplines and to everyday life.

Programs and services of C4I include professional programs such as meetings and conferences, surveys, publication of related periodicals, journals or books, offering consultation or assistance in establishment of related scientific or technological standards, as well as the establishment of funds or awards related to the subject to single out distinguished contributions or individuals.

C4I accepts individual and institutional memberships and its president is its official representative. C4I headquarters is in Tehran and other branches can be established elsewhere if needed.

The .PARS gTLD is the perfect way to easily and simply tie together online the peoples of various nations connected ethnically and linguistically dating to the Persian community gathering together from 850 BCE in the historical geographic location of Pars.

Thank you for the opportunity to support this application.

Yours sincerely

Mohammad Reza Valavi از طرف

General Secretariat
