**Subject: new gTLD-Application 1-1030-79531 .wien
Full Support for Change Request on Sunrise/Landrush-Architecture**

The architecture of sunrise phases described in the change request has been jointly developed between the applicant for .WIEN and the City of Vienna and is in accordance with applicable law.

This change request is therefore fully supported by the City of Vienna and also by the "Domain Name Council of .WIEN", that has already been established according to the application to .WIEN.

Thank you for the opportunity to support this application.

Yours sincerely
