Dear President,

coliquio offers an enthusiastic support to Hexap in its will to administrate the .med extension in compliance with the ethical standards demanded by the medical field online.

We agree on this project's mission designed to create a new sphere of trust by ascribing these domain names exclusively to healthcare professionals and to implement a certification program to reassure users that the information on the site they're reading is trustworthy, including putting them in contact with a healthcare professional or healthcare company if they wish.

We believe that this innovative opportunity will open up a new namespace for the medical community that resonates worldwide.

Sincerely,

Martin Drees
CEO
